

Phycomorph COST action FA1406. Third WG meeting.

Kystvejens Hotel og Konferencenter, Kystvej 26, 8500 Grenaa, Denmark

Day 1		Activity	Time	Speaker	Venue	
Monday 08.10.2018		Welcome	9:00-9:15	Ben Charrier & Annette Bruhn	Meeting room	
		WG meeting	9:15-12	Ben Charrier, all		
		Lunch	12-13			
		Field trip to IMTA site	13-19		Hjarnø Havbrug, Snaptun Harbour (fish, mussels, kelp)	
		Networking dinner	19-21		Restaurant DalleValle, Aarhus C	
		Bus back to Grenaa	21-22			
Day 2		Activity	Time	Speaker	Title	Affiliation
Tuesday 09.10.2018		Welcome	9-9:10	Ben & Annette	Welcome	
		Green Algae.	9:10-9:35	John Bothwell	A probable new cell wall modification in the green macroalgae	Durham University, UK
			9:35-10:00	Florian Weinberger	Field morphologies and lab morphologies of <i>Ulva compressa</i>	GEOMAR, DE
		Chair: Thomas Wichard	10:00-10:25	Omri Nahor (STSM)	Starch production during gametogenesis in <i>Ulva</i> species: potential applications for a sustainable and profitable cultivation	Tel Aviv University, IL
		Coffee Break	10:25-10:50			
		Brown Algae 1.	10:50-11:15	Adeel Nasir (STSM)	Establishment of gene silencing tool for <i>Ectocarpus</i> sp. using RNA interference	Universität Erlangen, DE
		Chair: Aleksander Ebbing	11:15-11:40	Catia Monteiro	Transcriptional bases of acclimation in the kelp, <i>Saccharina latissima</i> , from gametophytes to sporophytes	Universität Bremen, DE
			11:40-12:05	Jos Helden	<i>Saccharina</i> , a breeding perspective	Hortimare, NL
			12:05-12:30	Belma Konuklugil	Macroalgae and economic importance for Turkey	Ankara University, TR
		Lunch	12:30-13:30			
		Brown Algae 2.	13:30-13:55	Aleksander Ebbing	The interactive effects of the Initial Gametophyte Density on gametogenesis and vegetative growth	NIOZ, NL
		Chair: Christos Katsaros	13:55-14:20	Annette Bruhn	Comparing productivity, biomass quality and genetics of four Danish populations of <i>Saccharina latissima</i>	Aarhus University, DK
			14:20-14:45	Teis Boderskov	Industrial scale cultivation of organic sugarkelp	Hjarnø Havbrug, DK
			14:45-15:10	Jacob Nepper-Davidsen	What really killed the sugar kelp? - Heat wave effect on <i>Saccharina latissima</i>	Roskilde University, DK
		Coffee break	15:10-15:30			
		Aquaculture Europe	15:30-15:55	Helena Abreu	Seaweed aquaculture in European warmer waters: a perspective on its future development	ALGApplus, PT
	Chair: Ben Charrier	15:55-16:20	Michele Barbier	PEGASUS – Phycomorph European guidelines for sustainable aquaculture of seaweeds	Institute for Science & Ethics, FR	
		16:20-16:45	Susan Holdt	The use of social media in the scientific landscape	DTU Food, DK	
	Goodbye	16:45-17:00	Ben & Annette	Good bye and summary of information
